Information Technology For Management Transforming

That's why the Fifth Edition of Information Technology for Management offers a global perspective on how IT is transforming business. In this comprehensive, up-to-date Fifth Edition, Efraim Turban, Ephraim McLean, James Wetherbe, and new coauthor Dorothy Leidner present late-breaking developments in the field, as well as a new chapter on Global Interorganizational Systems.

Information Technology for Management: Transforming ...

Information Technology for Management, while a nice paperweight, provides little more than an illustrated dictionary of IT related terms. Its chapters feature lengthy and overly verbose descriptions of fairly basic terms, and far too many case studies and examples. Of course, such examples are important,...
